

## Love, Gratitude, and a Little Valentine...

Happy February from all of us at Sandia View Family Dental! This month is all about love—and I couldn't let it pass without sharing something that's been on my heart.

One of the greatest joys of this practice is that I get to build it alongside my husband... and truly, my best friend. I feel incredibly lucky that we get to work together every day, serve our community side by side, and pour our hearts into something that matters so much to both of us.

There's something really special about doing life and work as a team—celebrating the wins, carrying the hard days, and watching this practice grow into what we always hoped it could be.

And none of it would be possible without you—our patients. Thank you for trusting us, for supporting our dream, and for being part of the Sandia View family. We are so grateful for the relationships we've built here in Rio Rancho.

Wishing you a February filled with joy, warmth, and plenty of reasons to smile.

*— Nichole Christensen*

## DR. CHRIS'S CORNER

One thing I've been reflecting on as we move into this year is what truly matters most—not just in dentistry, but in the kind of practice we want to build for our patients and our community.

At Sandia View Family Dental, we are guided by six core values: **Excellence. Integrity. Service. Education. Community. Teamwork.** These aren't just words to us. They are the standard we want to live by every day.

**Excellence** means we never stop learning, improving, and investing in the best care possible. **Integrity** means doing what's right—even when it's harder or takes more time. **Service** means caring for each patient with compassion and treating people like family. **Education** means helping you understand your options so you can make confident decisions about your health. **Community** means being deeply rooted here in Rio Rancho and giving back to the place we love. And **Teamwork** means that great dentistry is never a solo effort—it takes an incredible team working together.

This year, my goal is to highlight these values even more intentionally in our practice. They shape the way we treat our patients, support one another, and continue building something truly special here.

Thank you for trusting us with your care. We are honored to serve you, and we're excited about what this year holds.

*— Dr. Chris*

HAPPY VALENTINE'S DAY FROM DR. CHRIS & NICHOLE!

## IN THIS ISSUE...

- A Valentine from Nichole
- Dr. Chris's Corner: *Core Values*
- New tech!
- Staff Spotlight: *Alexis*
- Referral Giveaway

We'd be **FLOSSED** without you!

*HAPPY Valentine's Day*

## Meet an Exciting New Member of our Tech Family!

We're excited to share one of the newest tools we've added at Sandia View Family Dental: our **SprintRay 3D printer**. This technology gives our team even more ways to create custom dental solutions with precision and efficiency—right here in our office.

It's important to know that this is simply one more option in the wide range of high-quality care we already provide. Just like our CEREC system and other trusted technology, SprintRay helps us improve planning, comfort, and turnaround times for certain treatments when appropriate.

With this new addition, we can create things *in office* like:

- **Digital dentures** and modern denture solutions
- **High-precision dental models** for planning and accuracy
- **Night guards** for clenching and grinding
- **Temporary crowns and bridges** no need to wait for lab delivery
- **Custom dental appliances** designed specifically for your smile
- **Restorative and cosmetic planning tools** for more personalized treatment
- **Faster, more efficient workflows** that reduce waiting and improve results

We love investing in technology that supports our commitment to excellence—while always keeping your comfort, trust, and personalized care at the center of everything we do.

### Staff Spotlight:

*Alexis (Lexi) Molina, Dental Hygienist*

Alexis has been a wonderful part of our team since July 2022. She graduated from the University of New Mexico's Dental Hygiene program with top honors, earning Summa Cum Laude recognition and induction into the National Dental Hygiene Honor Society.

What we love most about Alexis is the way she connects with patients—she has such a calming presence and truly wants every person in her chair to feel comfortable, cared for, and confident in their oral health.

Outside of the office, Alexis has an amazing sense of adventure! She recently got engaged over winter break (we're so excited for her!), and she loves spending time with her two cats, hiking, skiing, riding her bike, and exploring everything New Mexico has to offer.

We feel so lucky to have Alexis on our team, and we know our patients do too!

We  
**LOVE**  
Referrals!

February  
Referral  
Program

Do you know someone who's looking for a new dentist? A referral is the highest compliment we can receive—and we'd be honored to care for your friends and family.

Anyone who refers a new patient to Sandia View Family Dental who books their first appointment during February will be entered to win a \$25 Gift Card to Barnes & Noble along with a cute Book Lover Tote Bag filled with the best goodies for avid readers!

Just make sure your friend or family member mentions your name when scheduling so we can give you credit. Thank you for trusting us with the people who matter most to you—it truly means the world to us.
